Movie Projector

Optoma EH401

Project incredibly bright 4,000-lumen images with the Optoma EH401. Its 1920 x 1080 picture is sharp and detailed without downscaling or compression, perfect for watching movies from digital sources.With 22,000:1 contrast and compatibility with 4K UHD and HDR sources, audiences will see more detail and texture. Objects look more solid and life like, and the extra detail creates a greater sense of depth. The unit sets up quickly with 1.1x zoom and keystone correction, and the EH401's robust inputs include HDMI 2.0 to connect to a wide range of devices. Lamp life modes offer up to 15,000 hours of use with minimal maintenance. The Optoma EH401 is a feature packed projector that delivers high quality projected colors and a long lamp life for a lower overall cost of ownership.
